Rank Advance Through Fast Start Program

In order to rank advance through building an organization, an Associate must have one **PERSONAL** (not placed) recruit to whom they have sold a membership. This may be an IDT plan if the Associate resides in a license state.

NEW – Associates advancing through sales rather than building an organization can advance from Jr. Associate to Associate with ONE personal membership counter. An Associate can advance to Sr. Associate with FIVE personal membership counters AND completing either Group or Small Business Qualification. (NOTE: to receive a group sales kit, please write "GROUP SALES" at the top of your Associate Agreement.)
